IlliniCare Health and PaySpan Health offer an innovative solution for Electronic Funds Transfers (EFTs) and Electronic Remittance Advices (ERAs). Using this free service, providers can take advantage of EFTs and ERAs to settle claims electronically, without making an investment in expensive EDI software. Following a fast online enrollment, you will be able to receive ERAs and import the information directly into your Practice Management or Patient Accounting System, eliminating the need to key remittance data off of paper advices.

PaySpan Health Offers a Practical Solution to Electronic Settlement

PaySpan Health can rapidly transition you into the world of electronic payments and automated reconciliation, greatly reducing your paper work. PaySpan Health offers providers a complete solution for claim payment management. Using PaySpan Health, you can route EFTs to the bank account(s) of your choice, manage multiple payers, choose how you want to receive remittance details, easily re-associate payments with claims, and take advantage of claim and remittance retrieval and reporting.

Getting Started is Easy!

The process starts with an invitation from a payer that includes a registration code. Armed with this code, you can pursue an online enrollment process that will only take 5-10 minutes to complete. During this enrollment process, you will set up a profile of your practice, specify bank accounts (multiple accounts if you desire), and specify other preferences for management of checks, EFTs, ERAs, or online presentment of claim payment information.
